

DS-PMA-D

Power Supply for Mental Hybrid Control Panel

The DS-PMA-D is a Power Supply module which can be used to work with mental AX hybrid panel to transfer AC voltage to DC input.

AVAILABLE MODEL

302401523	DS-PMA-D
-----------	----------

SPECIFICATION

Input Voltage	90V-264V AC .		
Input Frequency	47 to 63 Hz.		
Transmitting Efficiency	Above 80%		
Power Consumption	Empty load, max 1.2W power loss		
Output Voltage	Normal Voltage	14.3V	
	NO LOAD	Minim(V)	14.0V
		Maxim(V)	14.5V
	FULL LOAD	Minim (V)	13.585V
Maxim(V)		15.015V	
Output Current	Minimum (A)	0.0A	
	Maximum (A)	2.8A	
Working Temperature	: 0 °C to +50°C		
Storage Temperature	: -20 to +85°C		
Dimension	114x56.4x28.5mm
